Each Manufacturer further covenants and agrees that it will warrant to the Assignee and the Vendee that at the time of delivery of each Item of Equipment to be built by it to the Vendee under the Conditional Sale Agreement it had legal title to such Item and good and lawful right to sell such Item and the title to such Item was free of all claims, liens and encumbrances of any nature except only the rights of the Vendee under the Conditional Sale Agreement and the rights of the Guarantor under the Lease (as defined in the Conditional Sale Agreement); and each Manufacturer further covenants and agrees that it will defend the title to such Item built by it against the demands of all persons whomsoever based on claims originating prior to said delivery of such Item by such Manufacturer to the Vendee; all subject, however, to the provisions of the Conditional Sale Agreement and the rights of the Vendee thereunder and the Guarantor under the Lease.

Each of the Manufacturers covenants and agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any installment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, such Manufacturer will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, set-off, counterclaim or recoupment whatsoever of the Vendee arising out of a breach by such Manufacturer of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or under Sections 11 and 12 of the Conditional Sale Agreement, or by reason of any defense, set-off, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability

at any time owing to the Vendee or the Guarantor by such Manufacturer. Any Manufacturer's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Section 13.4 of the Conditional Sale Agreement, to strike any defense, set-off, counterclaim or recoupment asserted by the Vendee or the Guarantor in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, set-off, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to such Manufacturer of the asserted defense, set-off, counterclaim or recoupment and the Assignee's giving such Manufacturer the right, at such Manufacturer's expense, to compromise, settle or defend against such defense, set-off, counterclaim or recoupment. Any and all such obligations shall be and remain enforceable by the Vendee or the Guarantor against and only against such Manufacturer and shall not be enforceable against the Assignee or any party or parties in whom security title to the Equipment or any unit thereof or any of the rights of such Manufacturer under the Conditional Sale Agreement shall vest by reason of this Assignment or of successive assignments. The Assignee will give notice to such Manufacturer of any suit, proceeding or action by the Assignee herein described.

Except in cases of designs, systems, processes, formulas or combinations specified by the Vendee or the Guarantor and not developed or purported to be developed by such Manufacturer, and articles and materials specified by the Vendee and the Guarantor and not manufactured by such Manufacturer, each Manufacturer agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, demands, costs, charges and expenses, including reasonable royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of the Equipment, or any Item thereof, of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give notice to any Manufacturer of any claim actually known to the Assignee which is based upon any such alleged infringement and will give such Manufacturer the right, at such Manufacturer's expense, to compromise, settle or defend against such claim.

Each of the Manufacturers agrees that any amount payable to it by the Vendee or the Guarantor, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien or charge on any Items of Equipment.

Section 3. Equipment Markings. Each of the Manufacturers will cause to be plainly, distinctly, permanently and conspicuously marked by a plate or stencil in contrasting color on each side of each Item of Equipment, at the time of delivery thereof to the Vendee, in letters not less than one inch in height, the following legend:

"Leased as Lessor by National Newark & Essex Bank, as Trustee-Vendee, and subject to a Security Interest recorded with the I.C.C."

Section 4. Recordation. Upon request of the Assignee, its successors and assigns, each of the Manufacturers will execute and deliver all instruments which may be necessary or proper in order to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of such Manufacturer therein or in the Equipment.

Section 5. Conditions Precedent to Payment by Assignee. (b) Certificate or Certificates of Acceptance signed by an inspector or other authorized representative of the Guarantor and Vendee stating that the Items of

Equipment in the Group have been inspected and accepted by him on behalf of the Guarantor and the Vendee and further stating that there was plainly, distinctly, permanently and conspicuously marked by a plate or stencil in contrasting color on each side of each of such Items at the time of its acceptance, in letters not less than one inch in height, the following legend:

"Leased as Lessor by National Newark & Essex Bank, as Trustee-Vendee, and subject to a Security Interest recorded with the I.C.C.";

(e) Opinion of counsel for the Guarantor addressed to the Vendee, the Trustor, the Assignee, the Investors and Messrs. Chapman and Cutler, dated as of such Closing Date, to the effect set forth in clauses (vi), (vii) and (viii) of subparagraph (d) above, and stating that (i) the Guarantor is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation, and has the power and authority to own its properties and to carry on its business as now conducted, (ii) said separate Acquisition Agreements, the Conditional Sale Agreement, including the guaranty obligations of the Guarantor therein provided for, and the Lease have each been duly authorized, executed and delivered on behalf of the Guarantor and are valid and binding instruments enforceable against the Guarantor, in accordance with their respective terms;

(g) An opinion of counsel for the Vendee addressed to the Vendee, Trustor, the Assignee, the Investors, and Messrs. Chapman and Cutler, to the effect that (i) the Vendee is a duly organized and existing corporation in good standing under the laws of the state of its incorporation, (ii) the Trust Agreement has been duly authorized, executed and delivered by the Vendee and the Trustor and constitutes a valid, binding and effective agreement and declaration of trust by the Vendee in accordance with the terms thereof, (iii) the Vendee has full right, power and authority under the Trust Agreement to enter into, execute and deliver said Acquisition Agreements, the Conditional Sale Agreement and the Lease, to perform each and all of the matters and things provided for in said instruments and (iv) said Acquisition Agreements, the Conditional Sale Agreement and the Lease have been duly executed and delivered by the Vendee and constitute the legal, valid and binding obligations, contracts and agreements of the Vendee in accordance with their respective terms; and

moratorium or other laws affecting the enforcement of creditors' rights generally. In giving the opinions specified in the preceding subparagraphs (d) and (e), counsel may in fact rely as to the title to the Items of Equipment upon the opinion of counsel for the Manufacturer of such Items.

The obligation of the Assignee hereunder to make payment for any Group of the Equipment is hereby expressly conditioned upon the prior receipt by the Assignee, pursuant to the Finance Agreement, of all the funds to be furnished to the Assignee by the various parties to the Finance Agreement with respect thereto.

The Assignee shall not be obligated to make any of the above mentioned payments at any time while an event of default, or any event which with the lapse of time and/or demand provided for in the Conditional Sale Agreement would constitute an event of default, shall be subsisting under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the relevant Manufacturer, without recourse to the Assignee, all right, security title and interest of the Assignee in and to the Items of Equipment with respect to which payment has not been made by the Assignee.

It is understood and agreed that the Assignee shall not be required to make any payment with respect to any Items of Equipment excluded from the Conditional Sale Agreement pursuant to Section 2.3 thereof.

Section 7. Representation of Manufacturers; Further Assurances. Each of the Manufacturers hereby

(a) represents and warrants to the Assignee, its successors and assigns and the Investors, that the Conditional Sale agreement was duly authorized and lawfully executed and delivered by it for a valid consideration, that (assuming due authorization, execution and delivery by the other parties thereto) it is valid and existing agreement binding upon such Manufacturer and the other parties thereto, and that it is now in force without amendment thereto; and

(b) covenants and agrees that it will from time to time and at all times, at the request of the Assignee

or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, security titles and interests hereby assigned and transferred to the Assignee or intended so to be. The rights and undertakings of each of the Manufacturers hereunder are several and not joint.

Section 8. Governing Law. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Illinois; provided, however, that the parties shall be entitled to all the rights conferred by Section 20c of the Interstate Commerce Act and such additional rights arising out of the filing, recording or depositing of the Conditional Sale Agreement and this Assignment as shall be conferred by the laws of the several jurisdictions in which the Conditional Sale Agreement or this Assignment shall be filed, recorded or deposited.

Section 9. Execution in Counterparts. This Assignment may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same instrument, which shall be sufficiently evidenced by any such original counterpart. The Assignee agrees to deliver one of such counterparts, or a certified copy thereof, to the Vendee and the Guarantor. Although this Assignment is dated for convenience as of the date first above written, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

It shall not be necessary that any counterpart be signed by all of the Manufacturers so long as each counterpart shall be signed by the Assignee and by one or more of the Manufacturers.

IN WITNESS WHEREOF, each of the Manufacturers and the Assignee have caused these presents to be executed in their respective corporate names by officers or representatives duly authorized, and their respective corporate seals to be affixed and duly attested, all as of the day, month and year first above written.
